

NOX FORK 20W

DESCRIPTION:

LUBRINOX® NOX FORK 20W is a premium quality suspension fluid developed for superior damping performance in all on and off-road suspensions. It is formulated from high viscosity Index base oils and several performance proven additives.

LUBRINOX® NOX FORK 20W meets all the required standards of **SAE-20W**.

APPLICATION:

- It is recommended to be used as suspension fluid in motor cycles and road machineries.

BENEFITS:

- Excellent wear control.
- Rapid air release property.
- Superior damping performance.
- Superior protection against corrosion of metal parts in suspension.

CAUTION:

Avoid prolonged and repeated contact with used oil. Used oil contains potentially harmful contaminations. Keep out of reach of children. Used oil must be disposed of carefully to prevent damage to environment.

TYPICAL CHARACTERISTICS:

Appearance	Clear Red Fluid
Kin. Viscosity @ 40°C, cSt	68
Viscosity index, Min.	130
Flash point COC, Min. °C	210
Pour Point, Max. °C	-33

* These specifications are subject to variations/development/customization

AVAILABLE PACK SIZES: 350ML, 50L & 210L
