

GREASE HI-LIFE (LONG LIFE PERFORMANCE)

DESCRIPTION:

LUBRINOX® HI-LIFE GREASE is lithium based grease with high load bearing property. It bears better mechanical, thermal, & chemical stability. It is designed to provide longer service life than any other conventional lithium soap base grease.

APPLICATION:

- Recommended for use in automotive and industrial application where long life performance is required.

BENEFITS:

- Excellent load bearing capacity for heavy duty application.
- Improved anti-wear and corrosion prevention for bearing protection.
- A complete protection to the automotive wheel bearings.
- Recommended for all heavy duty bearing application.

CAUTION:

Avoid prolonged and repeated contact with used grease. Used grease contains potentially harmful contaminations. Keep out of reach of children. Used grease must be disposed of carefully to prevent damage to environment.

TYPICAL CHARACTERISTICS:

| | |
|---|--------------|
| Appearance | Light Yellow |
| Thickener | Lithium |
| NLGI Classification | 3 |
| Drop Point, °C min | 180 |
| Worked Penetration @25°C after 60 strokes | 220-250 |
| Four Ball weld load, Kgs, min | 200 |

* These specifications are subject to variations/development/customization

AVAILABLE PACK SIZES: 500 GM, 1 KG, 5 KG, 18 KG & 180 KG
